

## Harbinger Systems to exhibit their software services for HR Tech products at the HR Tech Conference and Exposition 2018

Harbinger Systems, a global enterprise providing software technology services, will be exhibiting at HR Tech Conference and Exposition 2018, booth #137 to be held from September 11th -14th , 2018 in The Venetian, Las Vegas.

**PUNE, INDIA; REDMOND, WA, USA, September 3, 2018**

HR Tech Conference and Exposition is one of the biggest HR Tech events worldwide. The conference, an enriching platform for understanding the worldwide developments of the HR industry, attracts global HR professionals and IT experts. HR Tech industry is now adopting new technologies and implementing them, helping HR professionals efficiently manage the workforce.

Most of the HR functions heavily depend on human intelligence for critical workflows, such as candidate matching, scheduling interviews, employee engagement, and so on. Working on all these tasks simultaneously leads to delay of deliverables, and reprioritizing many tasks. This could result in crucial issues taking a back seat. New technologies such as Artificial Intelligence (AI), Conversational Interfaces, Natural Language Processing (NLP), Pattern Recognition, Machine Learning (ML), and Data Visualization will look to reduce these woes. Modern HR apps with these AI tools will not only improve efficiency, remove bias but also improve the turnaround time, leaving HR reps to prioritize their efforts towards more complex tasks.

[Harbinger Systems](#), has a broad experience in providing Human Capital Management (HCM) solutions, from Recruit to Retire. Over a span of two decades, Harbinger has helped leading HCM product companies in their digital transformation journey. Our enterprise product engineering capabilities coupled with employee centric product design experience, has helped several leading HCM companies build award winning next-gen solutions to empower talent and achieve successful business results.

Harbinger is looking forward to meeting you at the expo to learn more about your experience in delivering next-generation HR Tech solutions. You are invited to visit Harbinger at booth #137.
